FOR IMMEDIATE RELEASE

February 2, 2004

CONSTELLATION GENERATION AWARDS MULTI-YEAR SERVICES CONTRACT TO SARGENT & LUNDY FOR FOSSIL-FUEL AND NUCLEAR POWER PLANTS

Chicago, IL USA - Constellation Generation (Baltimore, MD) has awarded Sargent & Lundy LLC (Chicago, IL) a multi-year contract to provide engineering and technical services for its nationwide fleet of generating stations. The contract extends for five years with the possibility of five additional one-year options. The scope includes Constellation Generation's nuclear power plants (Calvert Cliffs and Nine Mile Point), fossil-fired generating stations, and any future acquisitions.

Constellation Energy Group (NYSE: CEG), a Fortune 500 integrated energy company based in Baltimore, is the nation's leading competitive supplier of electricity to large commercial and industrial customers. It owns and operates a diversified fleet of power plants throughout the United States. Additionally, it markets energy nationally and manages the associated risks, providing value-added services for its customers.

Sargent & Lundy LLC is a worldwide leader in professional services for the electric power industry and has been dedicated exclusively to serving electric power clients for 113 years. The firm provides comprehensive engineering, energy business consulting, and project services for new and operating fossil-fuel and nuclear power plants and power delivery systems.
